

The Prettiest Ship

I had the prettiest little ship

With sails as white as snow

I went down to the river side

To sail it to and fro

And Oh! A puff of wind came by

Do You Know?

Do you know what my feet can do?

They can run, run, run and skip, skip, too

Do you know what my hands can do?

Clap one, two, three and tip, tap, tip

My mouth can do so many things

And one is tidier too

The class that's next to ours

Gets higher marks each term its true

But ours is the best class

And I can tell you why

pit-a-pat, pit-a-pat, drip, drip, drip

Every leaf, every brook

Bids the raindrops welcome

While the thirsty earth

With gladness drinks his fill
