

VIKALP Online School

-since 2015

Worlds's First Online School built on
EXPERIENTIAL LEARNING

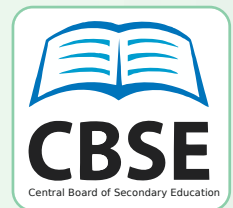

Learning Your Child Can
TOUCH, FEEL & TRULY UNDERSTAND

Board
Choices

&

Why Choose VIKALP?

Every child learns differently and at Vikalp, we honour that individuality.

AUTHENTIC ONLINE LEARNING

We replace blackboard lectures with “Learning By Doing”. Children explore concepts through hands-on tools before theories are introduced ensuring clarity, curiosity, and strong foundational understanding.

EXPERIENTIAL LEARNING

Vikalp is not a physical school curriculum lifted onto Zoom. We are India’s first dedicated experiential online school, built from the ground up to make virtual learning engaging, interactive, and deeply effective.

CRITICAL THINKING, NOT MEMORIZATION

Our facilitators use Socratic questioning to help students reflect, analyze, evaluate, and apply concepts nurturing confident, independent thinkers.

PERSONALISED ATTENTION

Small batches of 6–9 students ensure that every child receives focused guidance tailored to their pace, strengths, and learning style.

VIKALP LEARNING KIT

Each child receives a specially designed kit of physical tools for Language, Math, Science & Social Science turning online learning into a tactile, multisensory experience.

ADVANCED DIGITAL ECOSYSTEM

Students access: 1. A structured Learning Management System (LMS), 2. A Learning App with gamified practice 3. Recorded classes, assignments, assessments

IN-HOUSE TEACHER TRAINING

Recognizing that B.Ed. training does not fully prepare teachers for the online environment, we hire subject matter experts and train them intensively on virtual teaching practices through the Vikalp Academy.

PIONEERS IN ONLINE SCHOOLING

Founded in 2015, Vikalp is among India’s earliest and most established online schools with a proven track record of Grade 10 and 12 board results.

VISION & MISSION

Our Vision

To make school education joyful, practical, and personalized enabling every child to grow into a confident, curious, and compassionate learner.

Our Mission

To shift from passive, blackboard-based instruction to experiential and inquiry-led learning, where students explore, question, and construct knowledge actively.

“Concepts
are
Caught.
They
cannot be
Taught.”

P. K. Srinivasan

The Vikalp 5-Step LEARNING FRAMEWORK

Step 1 Explore

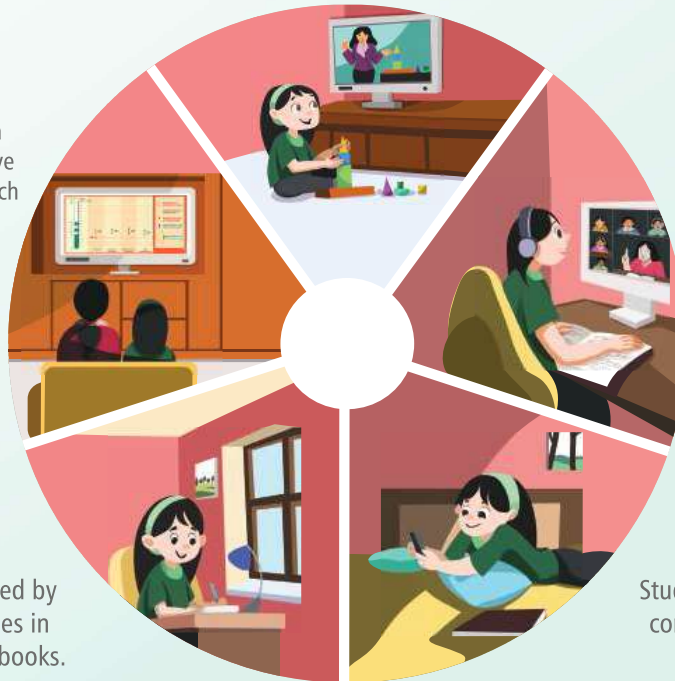

Learning begins with hands-on activities utilizing relevant learning tools.

Step 2 Reflect

Facilitators use Socratic questioning to encourage critical thinking and deeper understanding.

Step 5 Assess

Learning is evaluated using a Continuous and Comprehensive Assessment (CCE) pattern, which includes generating a diagnostic report.

Step 3 Reinforce

Students practice and solidify concepts through engaging mobile games.

Step 4 Apply

Knowledge is applied by completing exercises in textbooks and workbooks.

Example: Process flow of Grade 5 Fraction

1

Students first engage in activities using the Fraction Kit **EXPLORE**

2

Facilitators then ask probing questions, prompting students to reflect, analyze, evaluate, and apply the concept **REFLECT**

3

Next, students play a related game on the mobile application **REINFORCEMENT**

4

Following the game, they complete the fraction exercises in their books **APPLICATION**

5

Finally, performance is assessed through written tests and classroom activities, generating a diagnostic report **ASSESSMENT**

ACADEMIC Framework

Grades Offered: NURSERY TO GRADE 12

Curriculum Aligned with the National Curriculum Framework (NCF) and NEP 2020, with an emphasis on conceptual understanding, reasoning, and critical thinking.

CLASS SIZE

Mandatory + Elective : 6 – 9 Students Per Batch

Detail of MANDATORY CLASSES

CLASS DURATION	PRE-PRIMARY		LOWER PRIMARY	UPPER PRIMARY	MIDDLE SCHOOL	SENIOR SCHOOL
	Nur.	KG	(Grade 1 & 2)	(Grade 3 to 5)	(Grade 6 to 8)	(Grade 9 to 12)
	1 hr Alternate Day	1 hr Alternate Day	1.5 hrs Alternate Day	1.5 hrs Alternate Day	2 hrs Every Day	2 hrs Every Day
BATCH TIMING	10.00 am Morning	10.00 am Morning	10.00 am Morning	10.00 am Morning	10.00 am Morning	10.00 am Morning
	11.00 am Morning	11.30 am Morning	12.00 pm Afternoon	02.30 pm Afternoon	02.30 pm Afternoon	02.30 pm Afternoon
	06.00 pm Evening	07.00 pm Evening	07.00 pm Evening	07.00 pm Evening	07.00 pm Evening	07.00 pm Evening

Detail of ELECTIVE CLASSES

CLASS DURATION	PRE-PRIMARY	LOWER PRIMARY	UPPER PRIMARY	MIDDLE SCHOOL	SENIOR SCHOOL

MANUFACTURING Unit

At Vikalp, every learning tool is designed and manufactured in-house at our dedicated production unit. Our kits are not available in the market, ensuring that each material your child receives is uniquely crafted to support experiential learning—from Counting to Trigonometry, every concept is introduced through a thoughtfully created physical tool.

CHILD-SAFE, PURPOSEFULLY DESIGNED LEARNING TOOLS

Our products are created with both learning impact and child safety in mind:

- **BRIGHT, FOCUS-GUIDED COLOURS:**
Colours are used only where needed to direct attention and enhance concept clarity—never as random decoration.
- **100% CHILD-FRIENDLY MATERIALS:**
All edges are rounded, and materials that could hurt a child are strictly avoided—even during rough handling.
- **NON-TOXIC, SAFE PRINTING:**
We avoid commonly used alcohol-based inks. Instead, we use soya-based inks from SAKATA INX, ensuring safety even if a child accidentally chews or bites a tool.

TECHNOLOGY Enabled Schooling

SMART

STRUCTURED

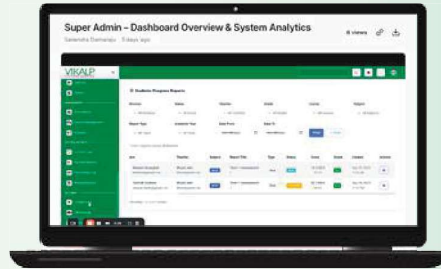

SEAMLESS

Our integrated digital ecosystem includes:

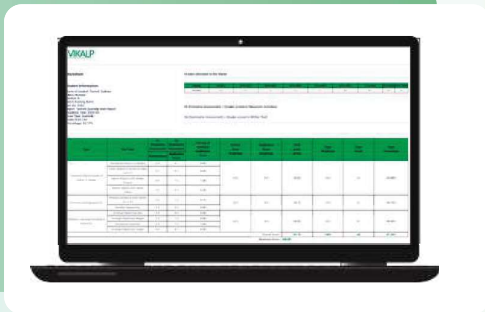

LEARNING MANAGEMENT SYSTEM (LMS)

Class schedules | Attendance
Assignments | Learning resources
Assessments | Diagnostic reports

LEARNING APP

Engaging educational games aligned with the curriculum for independent reinforcement.

Parents real-time updates on attendance, progress, marksheet and announcements.

Beyond ACADEMICS

Besides Mandatory subjects, children can choose from a wide range of electives:

INDIAN LANGUAGES

Hindi, Tamil, Telugu,
Malayalam, Kannada,
Marathi, Arabic, Urdu,
Sanskrit, Gujarati

FOREIGN LANGUAGES

French, German,
Spanish

NEW-AGE COURSES

STEM, Coding,
Computer Science,
Phonics, Public Speaking,
Yoga, 1-to-1 Math

CLASSICAL ARTS

Bharatanatyam, Kathak
Carnatic & Hindustani
Classical Music

CREATIVE & HOBBY CLASSES

Piano, Guitar, Drums,
Sketching, Digital
Painting, Chess,
Meditation & Mindfulness,
Hip-Hop Dance

Learning Beyond THE CLASSROOM

At Vikalp, festivals are not one-day events — they are immersive learning experiences where students think deeply, express confidently, create fearlessly, and collaborate meaningfully.

VIKALP CULTURAL FESTIVAL

A vibrant celebration of expression, creativity, and confidence, where students find their voice and showcase their perspectives.

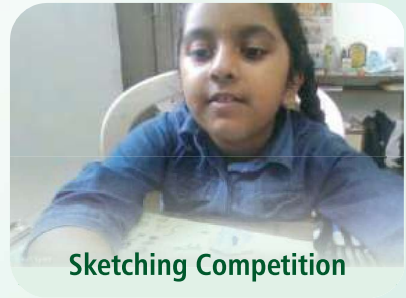

Key Activities

Debate Competition

Poetry Elocution

Sketching Competition

VIKALP LITERATURE FESTIVAL

An engaging platform where students explore stories, language, and ideas, nurturing imagination, empathy, and critical thinking through meaningful literary experiences.

Storytelling session performed by Grade 3 students during the Literature Festival

VIKALP SCIENCE FEST

A celebration of curiosity and hands-on exploration, where students learn science by experimenting, building, and explaining concepts with clarity and confidence.

Grade 7 student presenting a winning model at the Vikalp Science Fest

WHY FESTIVALS MATTER AT VIKALP

- Builds confidence, communication & critical thinking
- Encourages collaboration & peer learning
- Reinforces experiential, real-world learning

Festivals at Vikalp are designed as learning journeys — not competitions alone.

SOCIO-EMOTIONAL LEARNING (SEL)

Helping children understand themselves, connect with others & make wiser choices.

THE 5 AREAS WE BUILD

SELF-AWARENESS Recognising emotions | Understanding strengths | Building identity

SELF-MANAGEMENT Managing feelings | Stay focused | calm | self-control

SOCIAL AWARENESS Empathy | Kindness | Respect | See Others' View

RELATIONSHIP SKILLS Communicate | Teamwork | Resolve | Positive friendships

RESPONSIBLE DECISION-MAKING Think First | Assess | Understanding consequences

HOW WE TEACH SEL

EMOTION CHECK-INS

Mood meters | Feeling thermometers

INTERACTIVE ACTIVITIES

Role-play | Charades | Storytelling

MINDFULNESS & BREATHING

Calm body | Calm mind

TEAM CHALLENGES

Collaboration | Leadership | Co-operation

REAL-LIFE SCENARIOS

Digital behaviour | dilemmas | Ethical choices

WHY SEL MATTERS

- Builds Confidence & Emotional Strength

- Improves Focus, Motivation & Discipline

- Creates kind, self-aware & responsible learners

OUR MENTORS & FACULTY

Late. P.K. Srinivasan

A Fulbright exchange teacher in the United States, Mr. Srinivasan taught Mathematics in Nigeria and India. He was also a lecturer at the NCERT in India. In Vikalp he was instrumental in developing teaching aids as improvisational tools to illustrate concepts. He led a crusade of sorts against the debilitating idea of rote learning techniques and drill.

Sr. M. Hyacintha A.C

Sister Hyacintha was Director of Carmel Teacher Center, Northern Province. Her innovative way of designing learning apparatus has been recognized by the National Institute of Design (NID), Ahmedabad. She has devoted her last forty-five years in training teachers on how to develop lesson plans and conduct activities in the classroom. In Vikalp she is instrumental in taking classes, developing content and training the teachers.

OUR FACULTY

ACADEMIC FACILITATOR

LANGUAGE FACILITATOR

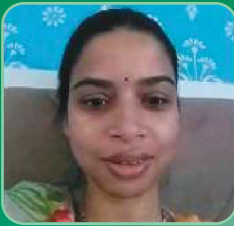

Vikalp faculty comprises passionate subject specialists from diverse Academic, Professional, And Research Backgrounds.

You can know the details about them by clicking on this link <https://vikalpindia.com/teaching-faculty/>

After onboarding they are trained intensively on virtual teaching practices in our in-house teacher training academy named Vikalp Academy. <https://vikalpindia.com/teacher-training/>

PARENT Testimonials

Parent voices matter—discover how families share their experiences and encouragement for us through heartfelt testimonials.

"The journey has been amazing. I'm impressed by the response, impact, and enjoyment she shows in her math class."

Parent of
KIMYRA BORSE

"She gets deeply involved in her activities, spending significant time on them. This maintains her focus and stability."

Parent of
NANDINI UPRETI

"Kian's coding classes are going well; we see great development, interest, and occasional independent learning."

Parent of
KIAN ARORA

"The students share a strong, consistent bond, actively maintaining their friendship daily."

Parent of
ADVIK KRISH

"I'm very blessed and happy I enrolled him at Vikalp Online School; the teachers explain so well, he doesn't need tuition."

Parent of
HUSSAIN MLKANI

"Excellent commitment, approachability, and communication regarding our child's progress."

Parent of
ZOYA SHAIKH
